DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-11, 22 and 26-35 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In line 5 of claim 1, Applicant sets forth that "the seat harness passes around to the front of the occupant". Such appears to positively claim the occupant. It is suggested that "is adapted to pass" be substituted for "passes". Claim 7 contradicts claim 6, from which it depends. Claim 6 sets forth that the harness is configured to fit around the abdominal area of an occupant. In claim 7, the harness is set forth as configured to be substantially clear of the torso of an occupant. Since the abdominal area of a human is part of the torso of a human, such is contradictory. In claim 22, "the spring loaded pay out mechanism" lacks proper antecedent basis.

Claim Rejections - 35 USC § 102

Art Unit: 3636

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 2, 6 and 35, as best understood with the above cited indefiniteness, are rejected under 35 U.S.C. 102(b) as being anticipated by Owens (4205670). Note the occupant harness (19 or 17), seat harness (the other of 19 or 17), and means (1) for releasably connecting the occupant harness to the seat harness.

Allowable Subject Matter

Claims 3-5, 7-11, 22 and 26-34 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Response to Amendment/Arguments

Applicant's response filed May 14, 2003 has been fully considered. Remaining issues are detailed in the above sections. Applicant's arguments regarding application of Murray to the claims is now moot in view of the new grounds of rejection.

Conclusion

Art Unit: 3636

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
